The **Federal** Long Term Care Insurance Program™

Introduction

Thank you for your participation in the Federal Long Term Care Insurance Program (FLTCIP). For FLTCIP enrollees who have met the conditions for benefit eligibility, this brochure is intended to assist you at the time of claim by providing an overview of the process. It also contains important forms and instructions and offers valuable detail and support for the reimbursement of approved care expenses.

1 Establish an approved plan of care 2

2 Identify caregivers 4

3 Meet the waiting period 5

4 Submit invoices and receive reimbursement . . . 6

5 Maintain the continuation of your claim 16

Note: This brochure provides an overview of the claims process. It does not replace the most recent *FLTCIP 3.0 Benefit Booklet* we sent you. Only the benefit booklet contains governing contractual provisions. For more detailed information or if you have any questions about your FLTCIP coverage, refer to your current schedule of benefits and benefit booklet, or contact us at **1-800-LTC-FEDS** (1-800-582-3337) **TTY** 1-800-843-3557.

1 Establish an approved plan of care

Now that you are eligible for benefits, a FLTCIP care coordinator—a registered nurse experienced in long term care—will work with you to develop your FLTCIP plan of care. Your plan of care is developed from your personal health information and care recommendations from your health care practitioner and is approved by our care coordination staff.

Your plan of care is used to validate invoices we receive for reimbursement of qualified long term care services. It will include details such as approved providers, dates of service, facility charges, hourly rates for caregivers, and quantified time for specific care services.

Any requested change to your plan of care must be reviewed and approved by our care coordination staff prior to making the change in order to avoid reimbursement denials or delays.

Decide where your care will take place

Our care coordination staff will work with you to help ensure that your long term care is provided in an appropriate setting to best meet your personal needs.

The chart below provides an overview of where your care may take place.

In your home

Home means your personal place of residence that is not a licensed facility.

Types of providers allowed

- informal caregivers
  - friends
  - family members
  - private caregivers
- formal caregivers
  - home health agencies
  - home care agencies
  - visiting nurse associations
  - hospice agencies

Please note: These types of providers are all referred to as home care agencies throughout the brochure.

In a facility

Care may take place outside your home in a licensed facility.

Types of providers allowed

- adult day care centers
- assisted living facilities
- nursing homes
- hospice facilities

Now that you have a better understanding about where long term care services can take place, your care coordinator will help you:

- determine what services you need
- identify care providers in your area
- decide who will take care of you
- monitor the care you are receiving
- adjust your plan of care as your needs change

1 Establish an approved plan of care

Alternate plan of care

A care coordinator may approve alternative services to your plan of care that we deem to be both appropriate for you and cost-effective for the FLTCIP. The charges you incur for these alternative services must be approved before they are applied to a plan of care and submitted for reimbursement. To learn more about the alternate plan of care, contact Customer Service at **1-800-LTC-FEDS** (1-800-582-3337) **TTY** 1-800-543-3557.

Coordinate benefits

Some enrollees may be eligible for benefits for long term care services under another insurance plan or through other programs. For this reason, the FLTCIP includes a coordination of benefits (COB) provision, which follows the guidelines set by the National Association of Insurance Commissioners.

In determining the amount of benefits we will pay, this COB provision allows us to look at other plans—such as government programs (other than Medicaid), group medical benefits, and other employer-sponsored long term care insurance—that may pay benefits for the long term care services you receive.

If the FLTCIP is primary (meaning it pays first), we will pay benefits without coordinating with other plans. This means we will pay benefits to the maximum extent permitted by your coverage.

Although we do not coordinate benefits with Medicaid, we may be required by state law to notify your state Medicaid office about your coverage under the FLTCIP. In addition, we reserve the right to notify your applicable state Medicaid office about your FLTCIP coverage, as may be appropriate.

If another plan or program is primary, then it will pay first for the services they cover. In this case, we will require you to submit the explanation of benefits you received from that other plan or program showing that you submitted a claim to it and how that claim was decided. We may also request a copy of the other plan, program booklet, or terms of coverage. We will pay no more than the difference between the amount payable by your other coverage(s) and your actual covered expenses up to the daily benefit amount you selected.

Note: When Medicare is the primary plan, the services they cover are not eligible for reimbursement under the FLTCIP.

2 Identify caregivers

Our care coordination staff has access to more than 200,000 providers of daily care, home modification, skilled nursing, and much more to help you maintain your independence as you age. Providers must meet the qualifications established in the *FLTCIP 3.0 Benefit Booklet* in order to be certified and included in an approved plan of care.

Care in your home

Informal caregiver

An informal caregiver is a person providing maintenance or personal care whose services are not arranged or supervised by a home care agency. Informal care may be provided by a friend, relative, or private caregiver, as long as that person did not live in your home at the time you became eligible for benefits. Benefits for care provided by family members are limited to 500 days in your lifetime. An employment agency may offer support in locating an informal caregiver, but it does not arrange for or provide supervision of care.

Required documentation

- A copy of a valid driver's license or passport, and a valid Social Security number are required for each informal caregiver.

Formal caregiver

A formal caregiver is a caregiver whose services are arranged and supervised by a home care agency (the caregiver is an employee of the agency). In addition, independent nurses and therapists may be used as formal caregivers. All formal caregivers must meet the laws of the jurisdiction in which they are located in order to be included in an approved plan of care.

Required documentation

- A copy of the state-issued license for the appropriate type of home care agency or other formal caregiver and a Federal Employer Identification number are required.
- We will make reasonable attempts to obtain this information directly from the home care agency or other formal caregiver. However, we may ask for your assistance if we are unsuccessful in getting the information.

Care in a facility

A facility may be an adult day care center, an assisted living facility, a nursing home, or a hospice facility. Facilities must meet the laws of the jurisdiction in which they are located in order to be included in an approved plan of care.

Required documentation

- A copy of the state-issued license for the appropriate facility and a Federal Employer Identification number are required. The facility must also complete the appropriate facility form.
- We will make reasonable attempts to obtain this information directly from the facility. However, we may ask for your assistance if we are unsuccessful in getting the information.

In order to avoid reimbursement denial or delays, all required documentation must be received and in good order before a provider can be added to an approved plan of care.

3 Meet the waiting period

Satisfy your plan's waiting period

The waiting period is the number of days you must wait from the date you are determined eligible for benefits to the date benefits are payable for covered charges you incur for long term care services. Some benefits are paid during your waiting period such as hospice care, respite services, and the stay-at-home benefit. Days applied toward satisfying your waiting period need not be consecutive, nor associated with the same episode of care.

Your FLTCIP coverage has a **90 calendar day waiting period**. This means that 90 calendar days after your benefit eligibility date, you will be eligible for reimbursement of approved care expenses for services received after your waiting period if you continue to be eligible for benefits at that time. It is not necessary to submit invoices for care received during the waiting period.

You only have to satisfy your current plan's waiting period once in your lifetime.

Hospice care, respite services, and the stay-at-home benefit

The waiting period does not apply while you are receiving hospice care, respite services, or the stay-at-home benefit. We will pay for these services, however, they do not count toward meeting your waiting period. Please be aware that if you are contemplating using the stay-at-home benefit, the charges you intend to incur must be preapproved before they are applied to a plan of care and submitted for reimbursement. Contact Customer Service to review the preapproval process. If, at any point, you are no longer approved for these services, benefits for other covered services will not be payable until the waiting period is satisfied.

Notification that the waiting period has been met

If your plan of care includes services that are subject to a waiting period, we will send you written confirmation once you have satisfied the waiting period indicating the date you are eligible for reimbursement of covered services and the date your waiver of premium will begin. Additionally, if you have an online account, it will be updated to indicate that your waiting period has been met.

Waiver of premium

You will not have to pay your premium once you have satisfied your waiting period. We will also waive your premium if you are eligible for benefits and receiving hospice care. If you satisfy the requirements for the waiver of premium on the first day of a month, the waiver will take effect on that date. Otherwise, the waiver will take effect on the first day of the following month.

Submit invoices and receive reimbursement

Once your waiting period has been satisfied, you may be reimbursed for services that are part of your approved plan of care. Please be sure to notify us of any requested changes to your plan of care in order to avoid denial of reimbursement or processing delays.

The reimbursement process for expenses paid by you depends on where you receive long term care and who provides that care. Therefore, in order to help you be reimbursed as quickly and accurately as possible, the following chart shows the requirements for submitting invoices from the different types of providers.

Please submit your request for reimbursement by one method only. Duplicate submissions of the same invoice will delay claims processing. Invoices may be submitted by email to **claimsinfo@ltcpartners.com,** by fax to **1-866-513-2674,** or by mail to **Long Term Care Partners, LLC, P.O. Box 797, Greenland, NH 03840-0797**.

Invoice submission

Informal caregiver

If you use an informal caregiver, you must submit the following documentation:

- Informal Caregiver Invoice (included in this brochure)
- proof of payment:
  - canceled personal, business, substitute, or cashier's checks; eStatements; money orders; online bill pay; or payroll payments
  - must be paid after services are rendered
  - payments made by cash or checks made out to cash are **not** reimbursable

Formal caregiver

If you use a formal caregiver (home care agency or other formal caregiver) or adult day care center, you must submit an itemized invoice that includes the following:

- the complete name, address, and phone number of the agency or adult day care center
- the individual dates of service
- the total hours per day
- the total charged per day
- a description of services provided
- the total amount charged per invoice

Facility

If you use an assisted living facility or nursing home, you must submit an itemized invoice that includes the following:

- the complete name, address, and phone number of the facility
- the individual dates of service
- a description of services provided
- the total charged per type of service
- the total amount charged per invoice

4 Submit invoices and receive reimbursement

Reimbursement requirements by provider

Reimbursement requirements

- services have been rendered
- completed invoices have been received (submitted by you or the facility)
- providers and services match the approved plan of care
- reimbursement occurs after the last service has been provided (typically within five business days)

Payment of benefits

We pay benefits using the expense-incurred method. This method reimburses you for actual charges you incur for covered services received up to a specific dollar amount. We only pay for services based on invoices that are submitted directly to us.

Payments are either issued by electronic funds transfer (EFT) to your bank account or by check mailed to you. To initiate claims payments via EFT, please complete the Claimant Authorization of Claims Payments via Electronic Funds Transfer form on page 12. This form should be returned with a voided check.

Each time a payment is made for service provided for your care, an explanation of benefits is mailed to you and is available within your online account for your review. You will typically receive reimbursement within 10 days after all required documents have been received.

Assignment of benefits

Please note: The assignment of benefits is only available for home care agencies and facilities within the United States. An assignment of benefits is not available for informal caregivers.

Payments are usually made to you, the claimant, for expenses incurred. However, claimants have the option to request direct payment to certain home care agencies or facilities. With this option, called assignment of benefits, invoices are submitted directly to Long Term Care Partners by the provider and payments are made directly to the provider. To select this option, you must complete the Assignment of Benefits Form found on page 10. You may want to verify with your provider if they accept an assignment of benefits. We assume no responsibility for the validity or sufficiency of any assignment.

If your provider would like to be reimbursed by EFT, please offer them the Provider Authorization of Claims Payments via Electronic Funds Transfer form on page 14. This form should be returned with the completed Assignment of Benefits and W-9 forms.

Advanced billing

Some providers bill for services before they have been incurred. This is commonly referred to as advanced billing and is only allowed for services rendered in a nursing home or an assisted living facility. If a facility does bill in advance, payments are not made until after the first of the following month (e.g., if an August bill is received on August 15, it will not be processed until after September 1).

5 Maintain the continuation of your claim

In addition to continuing to complete and submit invoices following the processes on page 6 of this brochure, you can help us provide you with timely reimbursements by:

Keep your plan of care up-to-date

- Inform us of any anticipated or actual change in your condition, care, or caregivers, and/or anticipated stay-at-home needs (such as home modifications and durable medical equipment), as soon as you know about or need to make a change. Any requested change to your plan of care must be reviewed and approved by our care coordination staff prior to making the change in order to avoid reimbursement denials or delays.
- Your care coordinator will contact you periodically to review your current needs and the existing plan of care.

Participate in the reassessment of your benefit eligibility

It is not uncommon for an enrollee to enter claim, recover, and enter claim again in later years. Because conditions can change with time, we regularly monitor each claimant's eligibility status throughout the claims process. While you are receiving care, we will review your eligibility for benefits at least once every 12 months and sometimes more frequently depending on your specific condition(s). It is your responsibility to notify us if your condition changes.

We may request additional information by: contacting you, your physician, or other persons familiar with your condition; accessing your medical records; having you examined, at our expense, by a licensed health care professional; and/or conducting an on-site assessment.

If long term care eligibility criteria can no longer be documented, a claimant is determined to be "recovered" and therefore no longer eligible for reimbursement benefits for the current claim.

If you recover during your waiting period, any waiting period days accumulated will be applied to any future instances of becoming benefit eligible.

Call Long Term Care Partners, LLC

When you call our toll-free number, you will reach one of our Customer Service claim services consultants (CSC), who are trained to support our care coordination and claims process.

Each time, the CSC will ask you to verify three facts:

- your claim ID, your unique ID, or your Social Security number (or last four digits)
- your date of birth
- your address

This security check is required to protect your health information. Without it, Customer Service will not be able to provide support or refer calls.

Once the security check is successfully completed, the CSC will ask how he or she may assist you. Many questions can be answered by the CSC. If you need to speak directly to your care coordinator or if you are returning your care coordinator's call, the CSC will provide you with instructions.

The Federal Long Term Care Insurance Program is sponsored by the U.S. Office of Personnel Management, insured by John Hancock Life & Health Insurance Company, and administered by Long Term Care Partners, LLC.
